PROFESSIONAL SUMMARY

I am a self-motivated individual with a strong passion for software engineering.

My technical expertise of about two years extends to HTML, CSS, JavaScript, React.js, and Vue.js, where I have successfully implemented front-end functionalities leveraging frameworks and APIs. As an individual committed to excellence, I have a proven track record of being a reliable and responsible team player, thriving in diverse and challenging situations.

I am eager to contribute and grow within the software engineering domain and I am excited about the opportunity to leverage my skills and knowledge in a collaborative and innovative environment.

SKILLS HIGHLIGHT

- *Analytical and problem solving skills.*
- *Organization and attention to detail.*
- *Time management skills.*
- *Ability to work well both in a team environment as well as using my own initiative.*
- *Wordpress*
- **Web Services (Frontend):** *JavaScript, Typescript, Vue.js, React.js, HTML, CSS etc.*
- **Design services:** *Corel Draw, Photohsop.*
- **Data Entry:** *Microsoft Word, Microsoft Excel, Microsoft Powerpoint.*

PROFESSIONAL EXPERIENCE

Ownage Fiditech — Web Developer (Intern)

July 2023 - December 2023

- *Collaborated with professionals to the design and implementation of user-centric web interfaces leveraging HTML, CSS, and JavaScript, Vue and React.*
- *Executed responsive web design techniques, ensuring compatibility across various devices and browsers for optimal user accessibility*
- *Demonstrated adeptness in front-end frameworks such as React.js and Vue.js, applying these technologies to enhance user interactions and functionality*
- *Integrated RESTful APIs or GraphQL endpoints to fetch and display dynamic content, enhancing application functionality and interactivity.*
- *Actively engaged in staying updated with the latest front-end technologies and trends, demonstrating a willingness to adapt and learn new technologies.*
- *Applied principles of UI/UX design to create intuitive and visually appealing interfaces, improving user engagement and experience.*
- *Utilized Git and GitHub for version control, facilitating seamless collaboration within development teams.*
- *Liaise with back-end developers to ensure web ad app logic is properly integrated.*

Wetech Mentorship Program — Web Developer (Contract)

February 2023

- *Actively collaborated with teams members to deliver solutions, integrating designs into responsive and optimized web applications.*
- *Contributed to the creation of intuitive and visually appealing user interfaces, ensuring seamless user experiences across platforms*
- *Actively pursued ongoing learning opportunities to stay updated with emerging front-end technologies and industry best practices.*
- *Showcased adaptability by quickly learning new tools, frameworks, or methodologies as required by project demands, ensuring successful project execution.*
- *Demonstrated adaptability by swiftly incorporating mentor suggestions into workflow, showcasing a commitment to continuous improvement and skill enhancement.*
- *Proactively applied constructive feedback from mentors to refine code quality, optimize performance, and enhance the user experience of developed applications.*

Sirinu Token — Web developer (Contract)

September 2022 - November 2022

- *Played a part in developing and refining front-end architecture, optimizing performance and scalability of web applications.*
- *Participated in performance optimization efforts, analyzing and refining code for faster load times and improved user interactivity.*
- *Developed responsive and mobile-first web applications, ensuring adaptability to various screen sizes*
- *collaborated, communicated, and coordinated with other developers to achieve project goals*

IJI Technologies — Web Developer(Contract)

September 2022

- *Led the conceptualization, design, and implementation of a personal portfolio website using HTML, CSS, and JavaScript*
- *Designed and developed a responsive web application leveraging React.js, focusing on intuitive user interfaces and seamless navigation*
- *Up to date with design trends and technological, software developments.*
- *Collaborated with UI designers using platforms like Figma to create the design of the website.*
- *Worked together with design teams to ensure that user interactions on web pages are engaging.*
- *Ensured website function and stability across devices i.e. laptop, mobile etc.*

TRAININGS

FREE CODE CAMP

- ☒ *Learned the basics of javaScript, HTML and Css.*

CODECADEMY

- ☒ *Learned the basics of javaScript, HTML, CSS and VUE.*

YOUTUBE VIDEOS

- ☒ *Took tutorials on various full projects.*
- ☒ *Learned PHP, SQL, AJAX*
- ☒ *Took full tutorials on javaScript, HTML, CSS, VUE, etc.*

WETECH MENTORSHIP PROGRAMME

- ☐ *learned the basics of react.*
- ☐ *Learned the basics of react native*
- ☐ *Created live projects using Vite, typescript, SCSS*
- ☐ *Extensive lessons on Restful API's, handling asynchronous operations, and managing data in React components*
- ☐ *Created applications using react hooks, react routing, JSX, react components, state management etc.*
